COMPANY

COMPANY

Alexandria Moulding is a leading manufacturer and distributor of wood and wood composite mouldings in North America. In over 75 years of business, Alexandria has expanded to five facilities that include both domestic manufacturing & large-scale distribution centers. To support domestic manufacturing, Alexandria partners with other manufacturers around the world to import commodity items. This helps facilitate a diverse mix of mouldings, boards and other millwork related items.

Midwest Facility – La Porte, Indiana

- Premium Gesso MDF manufacturing line – Quick lead times & custom options.
- +2,100 skus in stock ready to ship.
- Hardwood manufacturing – Acquired House of Fara in December of 2017.
- Distribution Coverage – Approximately 50 trucks per week into 9 Midwestern States.
- Accepts orders of all sizes – Pick and pack bundles to truck loads.
- Mid-West site opened in April 2005.

In October of 2018, Alexandria Moulding was acquired by U.S. LUMBER, which has allowed Alexandria to enhance their product offering and expand service areas. The continued commitment to serving customers cost-effective, quality products, on time with a 100% fill rate, drives operations and allows Alexandria to continue being best in class.

The following table displays all crown profiles offered in the product catalog.

The table indicates the swing angle, the wall coverage, and the ceiling coverage of the crown.

As wall/ceiling angles and installation angles may vary, these values are to be used as approximations only.

ALEXANDRIA
Moulding

A commitment to excellence, innovation and continuous improvement has been infused into our 800 plus dedicated, service oriented, quality conscious employees working to provide our customers with not only mouldings as a product, but interior design solutions as well. Alexandria Moulding ships an average of 85-90 truck loads of finished mouldings throughout North America each week and strives for a 100% fill rate. As an experienced importer and exporter, Alexandria Moulding also exports container loads to Europe, Asia, and South America.
